VINGO

MAXMUI is the new brand of electric violin from Taiwan. The concept is “Fun with strings”.

MAXMUI Vingo is handmade by acrylic and maple wood.

Vingo is the combination of “**Violin**” and “**Lego**”, which implied that the violin is full of the spirit of Lego- to play with fun and creation.

The **MAXMUI Vingo** are composed of the whole new active preamplifier pickup system with nanoflex technology. It will make sound more pure and exquisite. Besides, Treble/ Bass control and Auxiliary input will enrich your performance.
